

FA15+

VACUUM CLEANERS

Complete air filtering:
air quality is also improved

 **FIMAP**[®]

FA15⁺

FA15⁺ is a handy and robust professional vacuum cleaner with 13 liters of capacity. The foot switch and the aluminum tubes make it comfortable and light to use. Moreover it is easy to move thanks to the convenient handle. It is equipped with a complete range of accessories to meet different cleaning needs. The handy accessory holder enables to work with all the accessories within easy reach. It is available in 2 versions: the FA15⁺ ECO ENERGY and the FA15⁺ ECO ENERGY HEPA version, that is equipped as standard with Hepa filters which ensure excellent filtering performances also in environments with very fine dust, and the return of perfectly clean air into the environment. The aluminum tubes are robust and lightweight, thus reducing fatigue and making cleaning easier. Besides, they are equipped with air flow adjuster.

FA15⁺ helps to make cleaning easier thanks to the foot switch, the handle with cable winder and the accessory holder

The power cable is easy to replace

The handle design allows to hold the suction tube

The aluminum tubes are robust and lightweight, thus reducing fatigue and making cleaning easier. Besides, they are equipped with air flow adjuster

STANDARD

Parquet nozzle

OPTIONAL

- 1 The turbo nozzle increases the cleaning performances on carpets thanks to the rolling head that opens the fibres thus permitting a deep cleaning action
- 2 The pet nozzle is properly made to remove pet hairs from upholsteries, that are raised from the surface thanks to the roller brush
- 3 The mini turbo nozzle is perfect for deep cleaning of small textile areas, like sofas and armchairs
- 4 The telescopic tube made of aluminum is lightweight and height-adjustable: it guarantees a comfortable use avoiding back straining and it optimizes the use of the other accessories
